The Grunewald home place on the Yancey road was destroyed by an early morning fire on January 27. No one was at home at the time of the fire as the family living there had gone to work. No cause has been determined for the fire which completely destroyed the home as this picture shows. (Photo Courtesy Art Formann)

### MEDINA COUNTY CAMP FIRE

... Council report to parents last week boasted: "Founded in 1910, Camp Fire Girls was the first program in the United States to include girls of all races, nationalities and religious beliefs."

And they have included all girls, with more than 50 percent of the present 101 girls involved in the program in Medina County having Latin surnames.

But somehow someone forgot to bring this to the attention of the nominating committee. For they came up with eight new directors and a slate of officers that failed to carry a single Mexican-American.

In fact, the list of holdover directors contains 10 names and the Latin surname is conspicuous for its absence there also.

It has to make me wonder who makes such a decision that prevents parents of more than 50 percent of the girls in the program from having a say in the way the organization operates.

... basketball game in Hondo gym last Friday night proved one thing for sure ... it won't be many years before much thought will have to be given to the idea of a new, or enlarged gymnasium.

Interest is picking up in the roundball sport here and a new McDowell School intra-mural program can't do a thing but spark the fever to a higher pitch.

Boys in the sixth, seventh and eighth grades are competing every Saturday morning in a "heavy" tournament with playoffs slated to be in the near future. If you haven't watched some of these games, go

# Livestock Show to open

All the months of feeding, grooming and anxiety culminates Monday and Tuesday for 354 FFA and 4-H exhibitors who have ani-

mals competing in the 30th Annual Medina County Junior Livestock Show.

Dedicated to the memory of the late George Ilse, the

show action begins with animals having to be in pens by 10 a.m. Monday. From there on it will be a flurry of action as judges closely

examine each one of the 354 entries and give their final verdict.

Trophies, ribbons and prize money await the win-

ners in the divisions of fat calves, fat lambs, fat hogs, capons and fryers. And at 1 p.m. Tuesday the auction of animals helps to make the

## Poerner outlines needed changes

Rep. John Poerner, who will announce this week as a candidate in the new District 45, has released an eight-point program that he feels would make a big difference in the operation of the Texas House of Representatives if adopted.

"The change is needed," Poerner said. "And now is the time to affect change. These moves, if adopted, would have great impact on the operation of the House."

The points as outlined by Poerner include:

1. The traditional use of the pledge card system for the election of the Speaker of the House shall be discontinued. A member of the House continuing to use this method, either as Speaker or a candidate for Speaker, shall forfeit his right to the Speakership. It is not fair to representative government to have a representative subjected to the possibility of poor committee

assignments for failure to sign a pledge card to the Speaker. To replace this system, it is recommended that the Speaker be elected on the first day of the Regular Session (as specified in the Texas Constitution) by SECRET BALLOT.

2. All appointments made by the Speaker of the House shall receive confirmation from the Confirmation Committee that is to be composed of the 20 ranking members of the House according to the seniority system established by the House.

3. All Committee Hearings will begin promptly at 9:00 a.m. Turn to Page 2

## Political pot boiling

The political pot has just about reached its capacity of hats this week as additional candidates filed with County Democratic Chairman Howard Wallace.

Allen Lee, Devine attorney, filed in the County Attorney race. He will contest Albert Vance, Hondo attorney, who filed earlier for the post.

Fred Bader and Charles Langfeld filed for re-election to the posts of County Commissioner Precinct 1 and Precinct 2, respectively.

Rep. John Poerner filed Wednesday as a candidate in the newly-formed 45th District. He opposes Jim Green of San Marcos.

On a higher level Congressman Abraham (Chick) Kazen has filed for re-election to his post representing the people of the 23rd Congressional District.

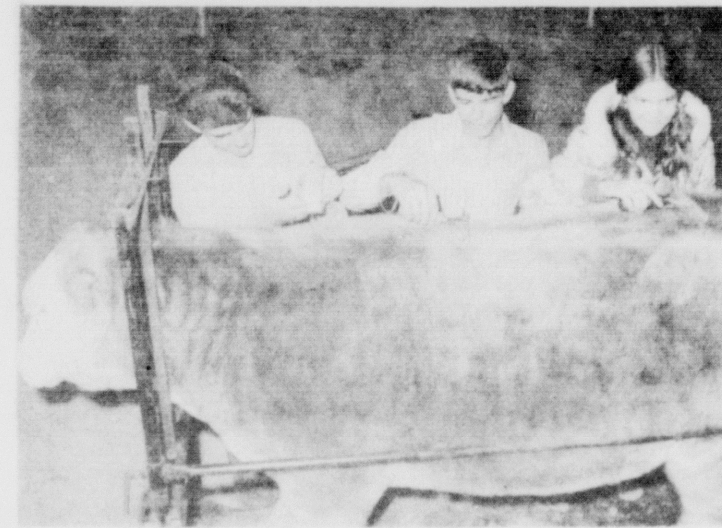

And in the State Senatorial District 21 Oscar Carrillo of Benavides threw his hat in to the ring for the post vacated by Senator Wayne Connally trying for the Lt. Governor chair.

City Elections Incumbents Hilmer Maeler (Place 4) and G. E. (Pete) Pedroza (Place 5) have filed as candidates for re-election.

I am pleased to announce for re-election to the Texas House of Representatives, District 45, in the Democratic Primary to be held May 6th, 1972. I am looking forward to meeting the people in the new counties of my District and to renewing acquaintances with those in my old counties.

My campaign will be a four-point program:

1. To improve the water resources for this area, both surface and underground.  
2. To reform the rules of the House of Representatives to give individual members

JoAnne Coffey, daughter of Mr. and Mrs. Bill Coffey, proves there will be a lot of trophies, rosettes and ribbons awarded at the Junior Livestock Show Tuesday as she holds a few of them in the top picture. And working hard toward maybe winning

their share of these are the three Gilliam livestock exhibitors. Busily working on their calf are left to right, Vince, Timmy and Vicki Gilliam, children of Mr. and Mrs. Ralph Gilliam. JoAnne will enter a lamb in the show.

## Devine gets grant for city-county building

Approval of a grant from the Economic Development Administration has assured the success of a project which has required much effort of county officials and officials of the City of Devine.

A telegram from U.S.

Senator John Tower announced the approval of a \$60,800 grant from EDA for a county-city building in Devine.

The telegram read: "Economic Development Administration today approved \$60,800 grant to the City of Devine to help con-

struct City-county office building.

"Project expected to begin within 60 days and will create jobs for six skilled and six unskilled workers in Devine area for up to six months.

"City will provide \$15,200 to complete \$75,000 total cost of project."

County Judge Jerome Decker and County Commissioners have joined with Devine Mayor Sid Malone and City Councilmen in working out details on this project.

"I believe I speak for all concerned when I say we are extremely happy to have this facility for the City of Devine and Medina County," Judge Decker said Tuesday. "Not only will it benefit the city and county, it shows that cooperation between city and county can work for the benefit of all."

## Library, industry to occupy C of C

Further discussion on the possibility of a new library for Hondo will be a main point on the agenda Monday when the Hondo Chamber of Commerce directors meet at a noon luncheon.

Also to come up will be the sponsoring of Texas Industry Week the first week in April.

Other subjects important to the City of Hondo will al-

so be taken up like the funds to purchase livestock at the Junior Livestock Show Monday and Tuesday, attendance at a leadership conference and others.

The Chamber is still seeking new members and re-newals of past memberships. Membership cards for individuals and businesses have been distributed and

## Rep. Poerner tells re-election plans

more authority and restrict the power of the Speaker of the House.

3. To develop a recreational plan for the State of Texas through the design of a system of "mini-parks" so that these facilities are more accessible to the neighborhood. I find a great deficiency in the number of parks throughout this District and I think this can be worked in with water conservation.

4. I want to re-evaluate the welfare system in Texas. I will again introduce my Bill to require proper identi-

fication before anyone can cash a welfare check. The Vendor Drug Program is not working and the State is going to have to improve it or substitute another plan. I will continue my work on vocational-technical training and for the establishment of more vocational-technical training centers and counselors throughout the state. I think this is one answer to our welfare problem as there is certainly no disgrace in working in the crafts.

I am willing to discuss my voting record with anyone in the 45th District; I

have served as a conservative and will continue to do so--it is a matter of record that I am a conservative.

I think the six rural counties and that portion of Bexar County included in the 45th District have many interests and political philosophies in common with the counties I have previously represented; they are basically orientated toward agricultural and will certainly be interested in acquiring new industry as long as it does not pollute the soil, water or air.

Rep. John Poerner

## New award planned

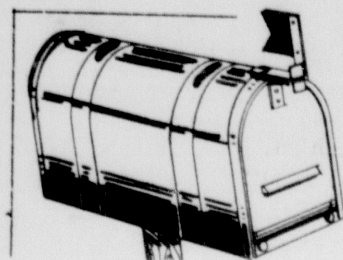

A Showmanship Award will be presented for the first time this year at the Medina County Junior Stock Show. This award, donated by the Hondo Young Farmer Chapter, will be given to the outstanding showman of the stock show after the judging of all livestock classes on February 7.

In addition to the Showmanship Award, the Hondo Young Farmers have sponsored a telephone hookup between the show grounds and Radio Station KRME. Announcements of class winners and other news will be made periodically during the stock show which will be broadcast over the air. George Gooding is chairman of the project for the Young Farmers.

These projects were made possible through the sale of deer hides collected by the Hondo Young Farmer Chapter during the recent hunting season.

Other community agriculture projects will be carried out during the year by the Young Farmers, according to Glenn Dittmar, Hondo Chapter president.

## Rep. Henry B. Gonzales says he will be at celebration

A second representative of Congress has accepted an invitation to the KRME second anniversary celebration at the Hondo National Guard Armory on Monday, Feb. 14.

Congressman Henry B. Gonzalez, 20th District representative from San Antonio, said in accepting the invitation, "If the Lincoln's Birthday recess of congress permits, I will try to plan on being with you that evening since there is a good possibility that I will have an unusual opportunity of being in Texas on that particular weekend. I appreciate being invited and I hope that I can see you soon."

Earlier Congressman Abraham "Click" Kazen from the congressional district accepted a similar invitation and indicated if Congress was in recess he would be in attendance that evening.

Invitations have also been received from representatives of city governments in Medina County and from county governmental officials.

Tickets for the Mexican-American dance are on sale daily at the KRME Studios or may be ordered by mail by

### Social Security

**QUESTION:** I've been offered a job as custodian of an apartment building. The pay includes both cash wages and a free apartment for myself. Will my employer and I have to pay social security contributions only on the cash wages?

**ANSWER:** No. Your employer must include the value of the apartment as part of your salary. The apartment is considered "wages in kind". Social security contributions must be paid on this as well as your cash wages.

**QUESTION:** I have a small business of my own, and I have no plans to retire yet. My net earnings have been averaging around \$2,500 a year. Now that I am 62, can I get any benefits from social security?

**ANSWER:** You might be eligible for some retirement checks from social security. For a self-employed person, like yourself, it depends on your net earnings and the number of hours you put in to your business in a month. Contact any social security office for complete information.

## Changes

Continued From Page 1

9:00 a.m. and adjourn or recess at 11:30 a.m. The House shall convene at 1:00 p.m. daily and adjourn not later than 6:00 p.m. daily. There shall be no night committee meetings as this time is necessary for representatives to research bills and prepare for the next legislative day. This rule could be suspended by a four-fifth vote of the House.

4. Sergeant-at-Arms shall pick up all keys at the conclusion of a legislative day. In lieu of roll call, each member shall sign for his key to the Sergeant-at-Arms each day and each member will then be responsible for his key and consequently his vote.

5. The staff of each Member of the House shall be; one full time secretary in his or her District; one full time secretary during Session, one research analyst during Session and one file clerk during Session.

6. No legislation may be brought before the House of debate unless it has been laid on the member's desk or delivered to the member's office at least 72 hours prior to the debate. This rule can be suspended by a four-fifth vote.

7. During a legislative Session, only Members of the House, Speaker's staff and employees of the House will be permitted on the floor and in the hallway in back of the Speaker's Platform. Communications between the Member and his or her staff shall be conducted by the intercom phone and messages can be delivered to the Sergeant-at-Arms for delivery to the Member. Immediate families of a Member may be permitted on the floor during a Joint Session of the Legislature.

8. Conference Committees shall be restricted to adjust the differences between items included in the House and Senate Bills.

9. Resolutions and items of personal privilege shall be at the conclusion of the legislative day.

10. Floor Amendments to Bills under debate shall be printed in sufficient copies so that each member will have a copy (time lapse if necessary) or install a projector screen combination so that the amendment can be read by all members. (This is done in several other legislatures).

## Congressman points out few facts on re-districting law

The Federal Court action knocking out the congressional redistricting mapped by the state legislature is being examined by the Supreme Court as I prepare this report. Action is expected soon, but I believe I should clarify several points regardless of how the litigation ends.

First, a congressional seat or any political office is not the personal property of any person. Therefore the division of political representation should be that which best represents the people. I believe this factor is completely overlooked with mathematics becomes the sole basis for apportioning congressional districts.

The Dallas court plan greatly dilutes the voting strength of South Texas voters. In our region, as elsewhere in the states, county lines are virtually disregarded. This means disruption of established lines of communication between local officials and Congressmen familiar with the local problems and possible methods for providing federal assistance.

**SAN ANTONIO HURT**  
Let me cite an example that does not involve me, San Antonio is the largest center for a military complex in the whole nation,

Under the past apportionment, part of San Antonio was represented by O. C. Fisher, third ranking member of the House Armed Services Committee. The new plan would cut off that share of Bexar County now represented by Clark Fisher, and cost the community his important voice on that committee.

I recognize the constitutional provision that legislative acts are subject to judicial review. I do not argue with the courts' right to determine whether new laws may be unconstitutional, so I do not contend that the Dallas court did not have jurisdiction over the legislature's redistricting. I do question whether the plan it accepted is the best alternative. I believe it should have returned the matter to the legislature, and that Governor Smith should have called a special session.

In his announcement that he would not do so, Gov. Smith suggested that deals were made to keep incumbent Congressmen in office. I deeply resent this suggestion. Neither I nor, to my knowledge, any member of the Texas Congressional delegation made any deal with anyone for anything.

(Note: The Supreme

Court issued a stay on the earlier ruling and congressional districts remain the same for 1972. Congressman Kazen immediately announced his candidacy for re-election.)

### BUDGET PROSPECTS

The President last week sent a new budget to the Congress, calling for \$243.6 billion dollars. He said the federal deficit this year would reach \$38.8 billion, with \$25.5 billion more deficit for the year ahead.

The astronomical figures are difficult to comprehend, but there is the record of past Presidential forecasts. In 1970, he proposed a budget which would provide a \$1.5 billion surplus for fiscal 1971. Instead, there was a \$23 billion deficit. He contended that the new budget, on a full employment basis, would be in balance in fiscal 1973.

I fail to see validity in "full employment" reckoning, when our national unemployment is 6 percent and no one anticipates it going much below 5 percent. I am also aware that in our district, unemployment is running higher.

### NEW DEFENSE FUNDS

The President pointed out that "human resources pro-

grams" would get 45 percent of the budget next year, while national defense would take 32 percent. On the other hand, he proposed \$6 billion for future defense funds "to strengthen our nuclear deterrent and modernize the armed forces." Only a small part of that sum is in this budget, but future plans are authorized. Even if strategic arms limitation talks continue to make progress, these discussions have focused on reducing land-based nuclear weapons, and the planners believe we must build our nuclear submarine and long-range bomber strengths.

The nation faces a prospect of decreased spending on health, education, housing and economic development, under the President's proposals. It will be the job of the Congress to examine all proposals to determine proper priorities consistent with adequate security and the best interests of our country.

### VIETNAM SETTLEMENT

The President's revelation of the secret attempts to negotiate peace in Vietnam promises neither success or failure for the efforts. His explanation answers some of the critics who have contended he should be doing more, and may produce some belief in other nations that they should urge North Vietnam's acceptance. On the other hand, as the President said, there have been no signs of significant progress in the secret negotiations. All of us who pray for peace must hope for agreements that can bring home the prisoners and our fighting men.

## More about . . . sparks

on up to McDowell School Saturday morning and treat yourself to some exciting action. But don't be upset if seating proves difficult to find, for there are a lot of others who will be there with you.

Back to the high school gymnasium problem, which way would be best—a brand new combination gymnasium-auditorium? enlarging the present gym? enlarging the McDowell gym?

Certainly, it will be some time before any course is taken, but the need is there. Or if you don't think so, ask the many Devine people who came to support the Warhorses and could not get a seat.

### SCENE NOTES

. . . we, along with all others, are thankful the fire at Glenn Bragg's home Tuesday was no more serious than it was . . . a new nursery (the garden and shrub variety) is now going up on Highway 90 West across from the National Guard Armory. Jake Schuehle says he feels there is a need for such a business and promises to have one of the best in these parts . . . some 56 golfers braved the foul weather Saturday to participate in the Pro-Am tourney sponsored at the Hondo Golf Course.

### AN OUTSIDE VOICE

. . . sometimes says things in a way that get them over to local people much better than we can ever do. So with this in mind and my hopes high, I repeat this mini-editorial which appeared in the Carrizo Springs Javelin.

"Do you want to be part of the progress destined for Carrizo Springs and Dimmit County in 1972?

"You can by joining the Dimmit County Chamber of Commerce. There are currently 160 members carrying the load that rightly should be shared by all.

"Of course, you do have to be a member to share in the fruits of our progress. But, who wants to be a 'freeloader' all life?

"Some ask 'What has the Chamber done?' A full report of Chamber activities is made annually and another will be made and published at our Annual meeting in March or April. The members who are supporting the Chamber of Commerce know what it has done in the past, is now doing, and its future plans.

"Many times when we are unable to accomplish a goal it has been because of a lack of funds.

"We can do so much more if we will all join together."

If you haven't guessed my motive for printing this by now, then I suppose our Hondo Chamber of Commerce has no chance. But on the other hand, perhaps it can ignite some spark inside a few and our membership can increase, which in turn will increase the funds available to accomplish more.

You know, it's up to you, the people of Hondo, whether the city progresses or dies on the vine. And if you will stop one minute to think, you will arrive at the conclusion that unless someone cares enough to contribute money, time, effort, creative ideas, then there is only one thing the city can do—die on the vine.

### THAT WEATHERMAN

. . . Doc Taylor brought in some stats for rainfall early this week (and last). He said January 26 showed .13; Saturday night and Sunday showed .60; and the moon change at 4:58 a.m. Sunday brought on the rain after that.

Doc also says there will be another moon change (it seems it can't make up its mind) at 5:12 a.m. Sunday, February 7, and this will bring on more rain, or at least Doc says, "I hope."

### TRAFFIC LIGHTS

. . . in Hondo have come in for some ribbing by experts lately. So an announcement from City Manager Fritz Leinweber might be of interest to all traffic light complainers.

Fritz says the Texas Highway Department has ordered equipment to install improved traffic lights at Highway 90 and Avenues K and M. They will have Walk and Don't Walk indicators, pedestrian push buttons and eventually left turn signals (this will come when the Highway Department widens the highway and installs left turn lanes).

## Big Stock Show and Rodeo all set Feb. 11

On Feb. 11 the 23rd Annual Stock Show and Rodeo opens at Joe Freeman Coliseum featuring 10 days of exciting activities for the whole family.

Activities really get underway a week before the show when more than 7,000 Trail Riders embark on what will be a week-long, thousand-mile, cross-country trek to the show, ending in a giant welcoming ceremony in front of Joe Freeman Coliseum at 2 p.m. Thursday, Feb. 10.

Starting the show's schedule a gigantic Western Parade will be in store downtown at 10:30 a.m., then the main center of interest will move to the Coliseum at 2 p.m. for the opening performance of the Rodeo of Champions.

Roy Clark, star of television's "Hee Haw" series, is the headliner for the first 10 rodeo performances which will be on Feb. 11-16. The master guitarist, hit Western singer and winner of the 1970 comedian of the year award in Nashville, will give rodeo fans many examples of his talents during his six-day appearance here.

On Feb. 17, Hank Thompson and pretty Susan Raye take over the entertainment chores at the rodeo. They will continue to play the rodeo performances through Feb. 20.

Five events will bring in to high gear professional cowboys from the Rodeo Cowboys Association for more than \$60,000. The five events in which they will be competing in are: bull riding, saddle bronc riding, bareback riding, calf roping, and steer wrestling.

Jerry Olson and his trained buffalo, Pat, will be featured at all 16 performances, as well as the exciting Calf Scramble -- in which 20 boys go after 10 calves with rope and halter. Long-time champion of

rodeo announcers, Pete Logan, along with well-known rodeo clowns Wilber Plaugher, J. D. "Kajun Kidd" Gaudin and Tom Lucia will be appearing at the Rodeo of Champions.

Rodeos are scheduled as follows: Friday, Feb. 11, 2 p.m. and 8 p.m.; Saturday, Feb. 12, 10 a.m., 2 p.m. and 8 p.m.; Sunday, Feb. 13, 2 p.m. and 8 p.m.; Monday, Feb. 14 through Friday, Feb. 18, 8 p.m. only; Saturday, Feb. 19, 2 p.m. and 8 p.m.; Sunday, Feb. 20, 2 p.m. and 7 p.m.

Tickets are \$5, \$4, \$3 and \$2.

During this time on the stock show grounds surrounding the Coliseum, there's fun and entertainment for all. Thousands of livestock entries -- from steers to dressed poultry -- will be sifted and judged for the coveted ribbons in 50 separate judging events.

Auction Day on Feb. 18 is always the pinnacle of excitement for young exhibitors of prize-winning livestock. They will be receiving premium prices for their animals when auctioneer Walter Britton pounds his gavel and pronounces "SOLD".

The auction begins at 8:30 a.m. with the thrilling sale of the Grand Champion Steer of the show and continues all day.

A major attraction is the big horse show, where exhibitors of Quarter, Appaloosa, Paint and Cutting Horses will be in competition for nearly \$20,000 in combined purses and entry fees in a variety of events.

Even special attractions are planned for the young-

sters during all ten days of the show. There is a Children's Barnyard where the younger folks can get close enough to touch the baby farm animals and members of the FFA will be on hand to answer questions.

The Texas Parks and Wildlife Department will sponsor a wildlife exhibit -- a miniature zoo of native animals, reptiles, birds and fish. Species on display range from rattlers to ringtails, with State Game Warden's helping to show off the creatures. City kids can get a firsthand view of a typical dairy farm at the milking parlor. Also the million-dollar farm and ranch machinery show will display the newest and best in agricultural equipment. There is also a military exhibit.

Any western art buff will have a chance to see the nation's largest and best-known exhibit of western art in the exhibit room adjoining the dairy building directly behind the Coliseum. Consignments of western painting and sculpture come from top members of the Cowboy Artists of America, including many of the best-known names among western artists. Adult admission is 50 cents, with a 25¢ charge on the sale of paintings going to Kiwanis Club charities.

The Alamo Exposition Carnival with an old-fashion Midway and thrilling new rides, sprawls east of the Coliseum building for fun-seekers of any age.

With 70 cafeterias, snack bars and refreshment stands in and around the Coliseum there will be no doubt that a hearty fare for every taste

## Astrodome attracts more than 7 million people

Predictions for a big year in '71 came true at Houston's Astrodome. The famed entertainment complex was crowded with special events, sports spectacles, conventions, family fun . . . and people--7-1/2 million, to be specific! They came from world wide to the Astrodome, Astrohall, Astroworld USA and the Astroworld Hotels/Motels.

The major attraction was, of course, the great Astrodome, residence of the Houston Astros which posted an official league attendance of 1,261,589, one of the National League's top records in 1971.

Football in the Astrodome also accounted for an important share of its 4-1/2 million total. The Oilers scheduled 11 games; the U. of Houston was "at home" in the Dome for six games; and other gridiron features included Southwestern Athletic Conference games, Texas Schoolboy semi-final and the traditional Astro-Bluebonnet Bowl.

The Houston Rockets brought professional basketball to Houston in 1971, attracting 61,000 at the gate; and the first and only NCAA national basketball championship tournament drew 63,193. There were two heavyweight boxing events for Muhammad Ali, totaling some 53,000 fans. The Houston Rodeo showered stars in the Astrodome for three-quarters of a million people. And, Evel Knievel packed the stadium two successive evenings in

will be satisfied. Food will range from cotton candy to pizza to charcoal broiled steaks and including plenty of hot dogs, hamburgers, barbecue, doughnuts and popcorn.

There is even a family center where weary visitors can rest their feet, have a snack and enjoy commercial exhibits by the San Antonio Manufacturers Association.

New to the family center this year will be the World Series of Fiddlin', a day-long competition among old time fiddlers on the final Sunday of the show, Feb. 20. Fiddlers from throughout the State of Texas will be on hand to vie for \$1,000 in prize money.

Whatever your idea of enjoyment, chances are you'll find it at the 1972 San Antonio Stock Show and Rodeo,

## Reception honors the Frank Neumans

Barbara Bearmen

## Miss Bearmen is engaged

Mr. and Mrs. Wendell G. Bearmen announce the engagement of their daughter, Barbara Irene, to Michael Allen Lott. He is the son of Mr. and Mrs. Raymond Lott of Houston.

The wedding is scheduled for August 12th in the First Baptist Church, Hondo.

### Here in Hondo

Mr. and Mrs. George Eiband of Crystal City were weekend guests in the home of her mother, Mrs. Armin Roth.

Mr. and Mrs. Frank Neuman of 206 W. Coker Avenue, Devine, were honored on their golden wedding anniversary with a reception at the United Methodist Church in Devine Sunday afternoon, Jan. 23, from 2 to 4 by their children, Mr. and Mrs. Henry Bailey of Bossier, La., Mr. and Mrs. Roy Grunewald of San Antonio and Mr. and Mrs. Hilmer Neuman, Mr. and Mrs. Floyd Neuman and Mr. and Mrs. Clyde Neuman, all of Devine.

Mr. and Mrs. Neuman were married Jan. 25, 1922 at Yancey.

Mrs. Neuman chose to wear for the happy occasion a double-knit turquoise princess-style dress designed with a V collar and short sleeves with black accessories. She wore a corsage of yellow mums.

Mrs. Neuman had her wedding dress of white China silk on display. The dress was made and embroidered

with silk thread by Mrs. Neuman's aunt, Mrs. Theodore Cameron of Hondo, who was also a guest at the reception.

The Neumans were honored with phone calls from her sister, Mrs. Elmo Cockrell of Crossett, Ark. and their grandchildren, Mr. and Mrs. Darrell Holland of Kansas and Mrs. Neuman's nephew and wife, the Richard Fessler's of Odessa.

The serving table was covered with a gold-colored tablecloth edged with matching Alencon lace decorated with a huge arrangement of yellow mums that displayed the figure "50" in gold and a silver coffee server. Punch was served from a crystal punch bowl. The cake, a yellow oblong confection, was decorated with white icing, gold-colored roses and green leaves and gold wedding bells edged with gold metallic ruffling.

The gift table that was

loaded with an assortment of gifts and a money tree, was attended by Mrs. Clyde Neuman and sons, Lyndon and Larry; also their granddaughter, Miss Barbara Neuman of Devine, and their grandsons, Henry and Terry Bailey from Bossier, La.

Granddaughter, Lora Lee Neuman, presided at the guest book. The table was decorated with a gold-colored sarray with a fringe on top. Servers were Mrs. Clyde Neuman; Mrs. Neuman's niece, Mrs. Nick Zuckero from Houston; and their granddaughters, Mrs. Rodney Grunewald, Mrs. Franklin Robertson from San Antonio and Miss Wanda Neuman and Miss Jane Rotamel.

Out-of-town relatives and friends were from Hondo, Natalia, Yancey, Quihi, Corpus Christi, Mathis, Alice, Houston, San Antonio, Helotes and Louisiana.

## Scholarship awarded

... Mr. and Mrs. Robert M. Groff of Hondo present Houston sophomore Paula Petrofsky with a \$125 scholarship check on behalf of the Southwest Texas State University Rodeo Association. Miss Petrofsky is the first recipient of the Nancy Groff Memorial Scholarship.

## Houston girl named winner 'Nancy Groff Scholarship'

SAN MARCOS--A Houston coed has been named the first "Nancy Groff Memorial Scholarship" recipient by the Southwest Texas State University Rodeo Association.

Sophomore business major Paula Petrofsky of Hous-

ton was presented a \$125 scholarship check at a rodeo association dance Thursday night in the SWT Student Center. The scholarship presentation was made by Mr. and Mrs. Robert M. Groff of Hondo, parents of the former rodeo association member who was killed in a truck accident near New Braunfels in November of 1970.

The club organized the "Nancy Groff Memorial Scholarship Fund" in Miss Groff's honor and in recognition of her contributions to the association.

The organization plans to award the memorial scholarship annually, to an active coed member who has at least a "C" grade average, and, in the words of a member, "is thought to fulfill the principles and ideals that Nancy stood for during her young life."

Miss Petrofsky, a member of the rodeo association's board of directors, says she will use the scholarship to pay her tuition to SWT next summer.

In addition to a crowd of SWT students, some 50 people from Nancy's hometown, Hondo, attended the dance and scholarship presentation. Proceeds from the dance will go into the scholarship fund.

## That's all she wrote

by Edna McDade

If you registered on or before Jan. 31, well and good. If you didn't, you still have time to make it to the polls on time.

The registration "configuration", what with newspaper, radio, tv, word-of-mouth, grapevine and other announcements added to the confusion about the new voter registration law passed by the last Legislature.

Now, Secretary of State Bob Bullock explains that registrations will continue all year-round. The new deadlines require that in order to vote in the May 6 primary, a person must register by April 5. Register by Oct. 7 to vote in the Nov. 7 general election.

Only voters who registered by Jan. 31 will have their names on the initial list of registered voters. Later rolls will be prepared 20 days prior to an election.

Now, we should be out of any state of confusion, and on guard against any state of apathy, come election time.

\*\*\*

Never underestimate the level-headed thinking of our future Young Homemakers. When JEWELE (Mrs. Nick) RIFF sent her daughter PAM to do some grocery shopping, the list had included lettuce.

Pam returned with everything but the lettuce. Her explanation, "Mother, it was 49 cents and I figured we didn't need it THAT bad!" Pam might also make a good future governmental appointee to keep a watchful eye on the HCL ... and to tell us what we can do about it, if any!

\*\*\*

At least part of the credit for the success of our HHS OWLS last football season might be due TOM HOLLMIG. His MOM told me that he was not really superstitious but that he did wear the same outgrown coat with a ripped sleeve to every game, after it had accompanied him on the Owls' first win. Worked, too, didn't it?

\*\*\*

MOM (Mrs. F. H.) HOLLMIG merits another quote. When she saw my scantily filled grocery basket, she said, "Sis, you've got enough room in there for me" and when I invited her to hop in and suggested that she might go-good on toast, she had the ready comeback, "Yes, and you'd have enough protein and calories to last you the rest of the year, I'll bet!"

\*\*\*

Back on his daily "constitutional" (weather permitting) is my good neighbor, F. D. GARRISON, who has been gradually regaining the spring in his step after a session of hospital residency and minding doctor's orders.

Mr. G always has a cheery greeting and we often exchange brief opinions about the State of the Union, the weather, why pavements get harder with the passing of time, etc. ... Many of our daily walk enthusiasts have taken to wheels and go merrily pedaling by. Mr. G still favors the old hay-foot, straw-foot routine.

\*\*\*

The hog quarantine was the subject of conversation in the post office lobby one morning recently. LUCILLE (Mrs. Cody) TOMERLIN of the County Agent's office asked E. J. WILLIAMS if he had had to dispose of any. "Nope," said E. J. "We'd had a couple on feed since they were little squealers but we got rid of them last year."

Then he went on to explain that Son PAT had married and daughter SHERI had gone to teaching school in SA. Lucille warned him, "Now, they will probably find some way to dispose of you after that wisecrack!"

\*\*\*

Freeze or no, Hondo's lovely Lady Banksia roses are trying to herald the spring and are putting out golden yellow question-airs to test the temperature's chances.

I'll miss the huge bower of blooms that usually takes over the Ave. L corner of the C. B. (Jewel) GASTON's yard for they gave it a real trimming when Jewel decided it was beginning to look "hippie".

\*\*\*

Stories about "little old ladies" are always cropping out. Here's one about a self-righteous pillar of the community (NOT Hondo, surely?) who said to her pastor after the morning services were over "Wonderful sermon. Everything you said was so true and applies to somebody I know!"

## Devine youth is appointed to AF Academy

WASHINGTON, D.C. -- Three young men from San Antonio, Cuero and Devine have been nominated to the military academies by Congressman Abraham "Chick" Kazen, Jr. He also listed alternates for the appointments to the Military Academy at West Point, the Naval Academy at Annapolis and the Air Force Academy at Colorado Springs.

The selection system calls for all nominees to undergo rigid physical and mental examinations, Cong. Kazen said, with the alternates to be considered in order if any principal or ranking alternate does not qualify.

Robert S. Gardner of Devine was named principal selectee to the U.S. Air Force Academy.

## South Texas United Gas division wins

The South Texas Division of United Gas, which includes all towns in this area served by the gas utility, has been announced as the win-

ner of the company's President's Safety Award for 1971.

The division also won the award for 1970. The award is based on year-long competition between all six of United's major operating divisions over the states of Texas, Louisiana and Mississippi. Standings are determined by the consideration of criteria such as number of employee injuries, number of lost-time accidents and number of automobile accidents.

Said a spokesman for United Gas, "For any safety program to be successful, the complete teamwork of all employees is essential. The South Texas Division of our company is extremely proud that its employees realize they are the beneficiaries of safety and that they do all they can to constantly practice safe working and driving habits."

# Three Young Hondo men volunteer for U.S. Army

Three Hondo natives have enlisted in the U. S. Army for three years and were sworn in the U. S. Armed Forces Examining and Entrance Station in San Antonio.

AIRMAN LONNIE G. TRAYLOR, son of Mr. and Mrs. Creed O. Traylor of Rt. 1, Devine, has completed his U. S. Air Force basic training at the Air Training Command's Lackland AFB, Miss., for training in communications-electronics systems. Airman Traylor is a 1971 graduate of Devine High School.

They were Tony Roman Martinez, Jr., John Armando Trevino and Theodore Arcos.

Martinez, a 1970 graduate of HHS, is the son of Mr. and Mrs. Roman D. Martinez of Hondo. His wife, Mrs. Elvira Ann Martinez, lives in Castroville. After basic training at Fort Polk, Louisiana he will attend the Accounting Specialist Course at Fort Benjamin Harrison, Indiana for five weeks.

Trevino also graduated from HHS in 1970. He is the son of Mr. and Mrs. Matilde Trevino of Hondo. He will take basic training at Fort Ord, California and then attend a course for Field Artillery Missiles/Rockets. After that he will go to Europe for 16 months.

both men and women enlisting for a minimum of three years.

SSgt Fischer is at the Hondo Chamber of Commerce every Monday afternoon and invites all interested persons to stop by and see him. Or he may be reached by calling collect 924-4258 in San Antonio.

Arcos is the son of Deputy Sheriff and Mrs. Jesse Arcos of Hondo. A 1970 HHS graduate he will take a four week Personnel Specialist Course following his basic training.

SSgt Fischer, Medina County's Recruiter, said that under the new modern Volunteer Army's Enlistment program many guaranteed options are available for

## Sheep, goats industry on losing end from predators

Texas has more to gain from production of wool and mohair than any other state, but the unchecked invasion of predators can virtually wipe out this historic multimillion-dollar industry if Texas sheep and goat producers do not stop the four-legged assault.

"We are in serious trouble," say leaders of the state's widespread sheep and goat industry. They can visualize their \$160,000,000 industry being extinct in the next few decades if corrective measures are not taken immediately.

In an effort to bring about more effective predator control in Texas, directors of the Texas Sheep and Goat Raisers' Association voted unanimously to sponsor a referendum in 73 sheep and goat producing counties to allow a deduction to be checked off on sheep and goats sold to provide funds to finance a stronger and more effective predator control program. The 73-county area has 81 percent of

the sheep and goat producers in the state owning 97 percent of the state's sheep and goat numbers. The referendum will be held March 27 through March 31 by mail ballot. Permission for conducting the referendum was granted by the Texas Department of Agriculture at the conclusion of a hearing held at Austin January 7. Ballots will be mailed to producers 15 days prior to March 27.

The documented economic losses suffered by the sheep and goat producers in Texas to predators in recent years is staggering.

According to the Texas Crop Reporting Service, sheep and goat producers lost 305,770 head of animals to predators in 1967. The 1967 loss of these animals, including sheep, lambs, adult goats and kids, totaled more than \$3 million, excluding the value of wool and mohair from lost production. The fiber loss is even more damaging to the state's economy, lead-

ers say, since the average value of these raw products at the producer level that would have been produced by these animals had they survived is about \$50 million. Wool and mohair has provided a healthy input to the Texas economy for more than a 100 years, but is in danger of being depleted because it has become increasingly difficult for ranchmen to maintain production due to unprecedented livestock losses to predators.

## The standard deduction is up this year. But maybe you should itemize.

Your best buddy Lenny might have told you to itemize your deductions because it would save you more tax dollars.

Your neighbor possibly suggested taking the standard deduction because you'd pay less taxes that way.

And Frank down at the office... he helps everybody with their return... what did Frank recommend?

If there's some way to save you money on your income tax, H & R Block will know how to do it.

Itemized and standard deductions are nothing new. We've been preparing returns for years using both. We'll figure out your situation both ways and then prepare your return using the method that's best for you.

You see, for only a few dollars more than it costs to do it yourself (with advice maybe from some other amateur), you can have your tax return prepared with complete confidentiality by a specially trained member of the H & R Block team. There are thousands of them in over 6,000 conveniently located offices.

Each member of H & R Block is warm, friendly and anxious to help you. A visit to H & R Block usually takes just a short time. Once in our office, you sit down over a free cup of coffee and possibly learn

things about your income tax that you never knew existed. Things that we know, because income tax returns are our only business.

H & R Block's fees start at \$5 and the average cost was under \$12.50 for over 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

It means that H & R Block also offers you year 'round tax service for just one low fee, with no extra charge for audits and estimates.

Yes, it's true. The standard deduction is up this year.

It's one of the many things we'll consider when we do your return.

# Purchase vehicle license plates by mail, says State

AUSTIN--You don't have to stand in line anymore if you don't want to in order to register "Old Betsy"--or whatever you call the faithful family car.

Texas motorists can get their 1972 license plates by mail if they send in the three-part renewal form, the registration fee and one dollar to their county tax officer prior to March 1.

This allows for the 30 days that are necessary for the application to be processed and the license plates delivered before the April 1 deadline. The plates themselves become available at the tax office or sub-station February 1.

If the motorist prefers, he may register his vehicle in person by taking the handy three-part form to the county tax office. It takes the clerk only a fraction of the time it used to take to process the form, collect the fee and send the motorist on his way with new plates.

Whether the driver uses the mail or applies for his license in person -- the important thing for him to remember is to be very careful NOT to separate the three-part application form.

Even though the three-part renewal form carries the warning "DO NOT Separate or Detach Any Parts of This Notice" in large letters on the reverse side, some motorists do just that.

Department officials stress that the entire form must be mailed in or brought to the county tax office or sub-station. A stick down strip showing the new license number is attached to all sections of the form and then the tax office separates the form, returning the license receipt to the owner.

Applications for license plates should only be sent to the county tax office. Motorists should NOT send their payments to the Texas Highway Department because this will delay their registration.

During the month of March, it will be necessary for owners to apply in person at the county tax office or sub-station to obtain the 1972 license plates. In any event, owners will save themselves time and trouble by using the new computerized forms in this third year under the new system.

With the form, a certificate of title and last year's registration receipt is not needed.

So register now and display your new plates. This will remind your neighbor it is time for him to do the same.

were employed, report the amount earned before any deductions. If you were self-employed, report your net earnings. Do not report any income that was not earned, such as interest, dividends, or rent (unless you were a real estate dealer or an active farm landlord.)

Do not make a report if you were at least age 72 in all months in 1971; however, a report is required for the entire year if you were under 72 in one or more months of the year, Swift explained.

For further information, see your social security representative when he is in your area. Bring your 1971 W-2 forms or a copy of your income tax return with you if you call at the office.

Your representative will be in Hondo at the Council Chamber, City Hall, at 8:45 a.m. on Monday.

You may pay more in social security deductions in 1972--but the increase will mean higher benefits in the future, according to Roy L. Swift, social security district manager in San Antonio.

QUESTION: I have been working for a contractor and paying into social security for the past 20 years. I am usually off work at least 3 or 4 months out of every year. After I reach 62 next month, can I collect social security retirement benefits for those months I don't work?

ANSWER: Yes, you may be able to collect reduced retirement benefits at 62 for those months in which you do not work. You should contact a social security office and discuss the details of your particular case.

QUESTION: A recent article in our local newspaper stated that the Medicare hospital insurance deductible would be increased. Is this true?

ANSWER: Yes. The increase will be effective Jan. 1, 1972. The new deductible amounts will be \$68 for the first 60 days and \$17 per day for the 61st through the 90th day of hospitalization.

QUESTION: My mother is age 68 and has been hospitalized for 10 days. She has both hospital and medical insurance under Medicare. She may have to go to an extended care facility when she leaves the hospital. If so, what will Medicare pay?

ANSWER: If she is eligible, Medicare will pay all extended care facility costs for the first 20 days and all but \$7.50 per day for the next 80 days; effective Jan. 1, 1972 this will be increased to \$8.50 per day.

## Bermuda grass planting now in progress

Sprigging of Coastal Bermudagrass is in full swing in the Medina Valley Soil and Water Conservation District. Coastal bermudagrass is a high producing widely adopted grass that is used for forage production and erosion control. Recommended planting dates are January 1 to May 15 and August 15 to October 15. Best results have been obtained when planting was done in January to April.

Coastal bermudagrass should be planted in a clean seedbed. Fertilizer should be applied just before or shortly after sprigging. Rates of fertilization should be determined by soil testing.

It is essential that weeds be controlled by chemicals, shredding or mowing during the establishment period of the Coastal bermudagrass.

Grazing by livestock should not begin until the

grass is well established and has reached a height of at least 8 inches.

To obtain maximum production of high quality forage, grass should be fertilized at least twice each year on dryland and five to ten times each year on irrigated land. Large quantities of Nitrogen are needed for Coastal bermudagrass to produce high protein forage.

Best results will be obtained when the pasture is divided into two or more grazing units or pastures. This will allow livestock to be grazed on one pasture while the other pasture or pastures are permitted to grow.

Properly managed Coastal bermudagrass provides a continuous soil cover and prevents soil erosion by wind and water. Silt, which pollutes streams, rivers, and other surface water is a result of soil erosion.

## Confrontation time: Owls vs Mavericks

The Hondo Owls travel to Pearsall Friday night for a game that could decide the District 28-AA basketball race. Both teams have identical 8-1 District records going into the Friday game.

The Mavericks easily downed Devine Tuesday night eliminating the Warhorses from the title picture while the Owls had an easy time against Southwest in posting a 79-46 victory.

Keith Ligon led the local attack with 21 points as the Owls opened a 38-18 half time advantage and coasted to their second win of the season over the Dragons. Other Hondo scorers were

Batteau 18, Knowles 15, Grant 13, Hill 6, Weems 5, Blackshear 1; Southwest scorers were Guidry 14, Morrow 7 and Brock 3. Harwell led Southwest with 18 points.

The Friday night game will be played at Pearsall at

8 p.m. Earlier in the season the Owls tipped Pearsall on the local court 81-78, the only loss in district play for the Mavericks.

Hondo B-Team won 63-42. Helvey scored 23 and Finger 10.

### Bowling tournament

Pins are falling in weekend action at Bob's Bowling Lanes this week as the Hondo Women's Bowling Association sponsors its 13th Annual City Tournament.

The tournament got underway Saturday, January 29, at 1 p.m. And action continued on Sunday as

teams competed against each other in team events.

This coming weekend, February 5 and 6, the doubles and singles will complete the annual tournament action. Saturday action will begin at 7:30 p.m. and on Sunday it begins at 1:30 p.m.

Bowlers are vying for trophies and WIBC chevrons that go to team event champs, doubles champs, singles champ and all events champ.

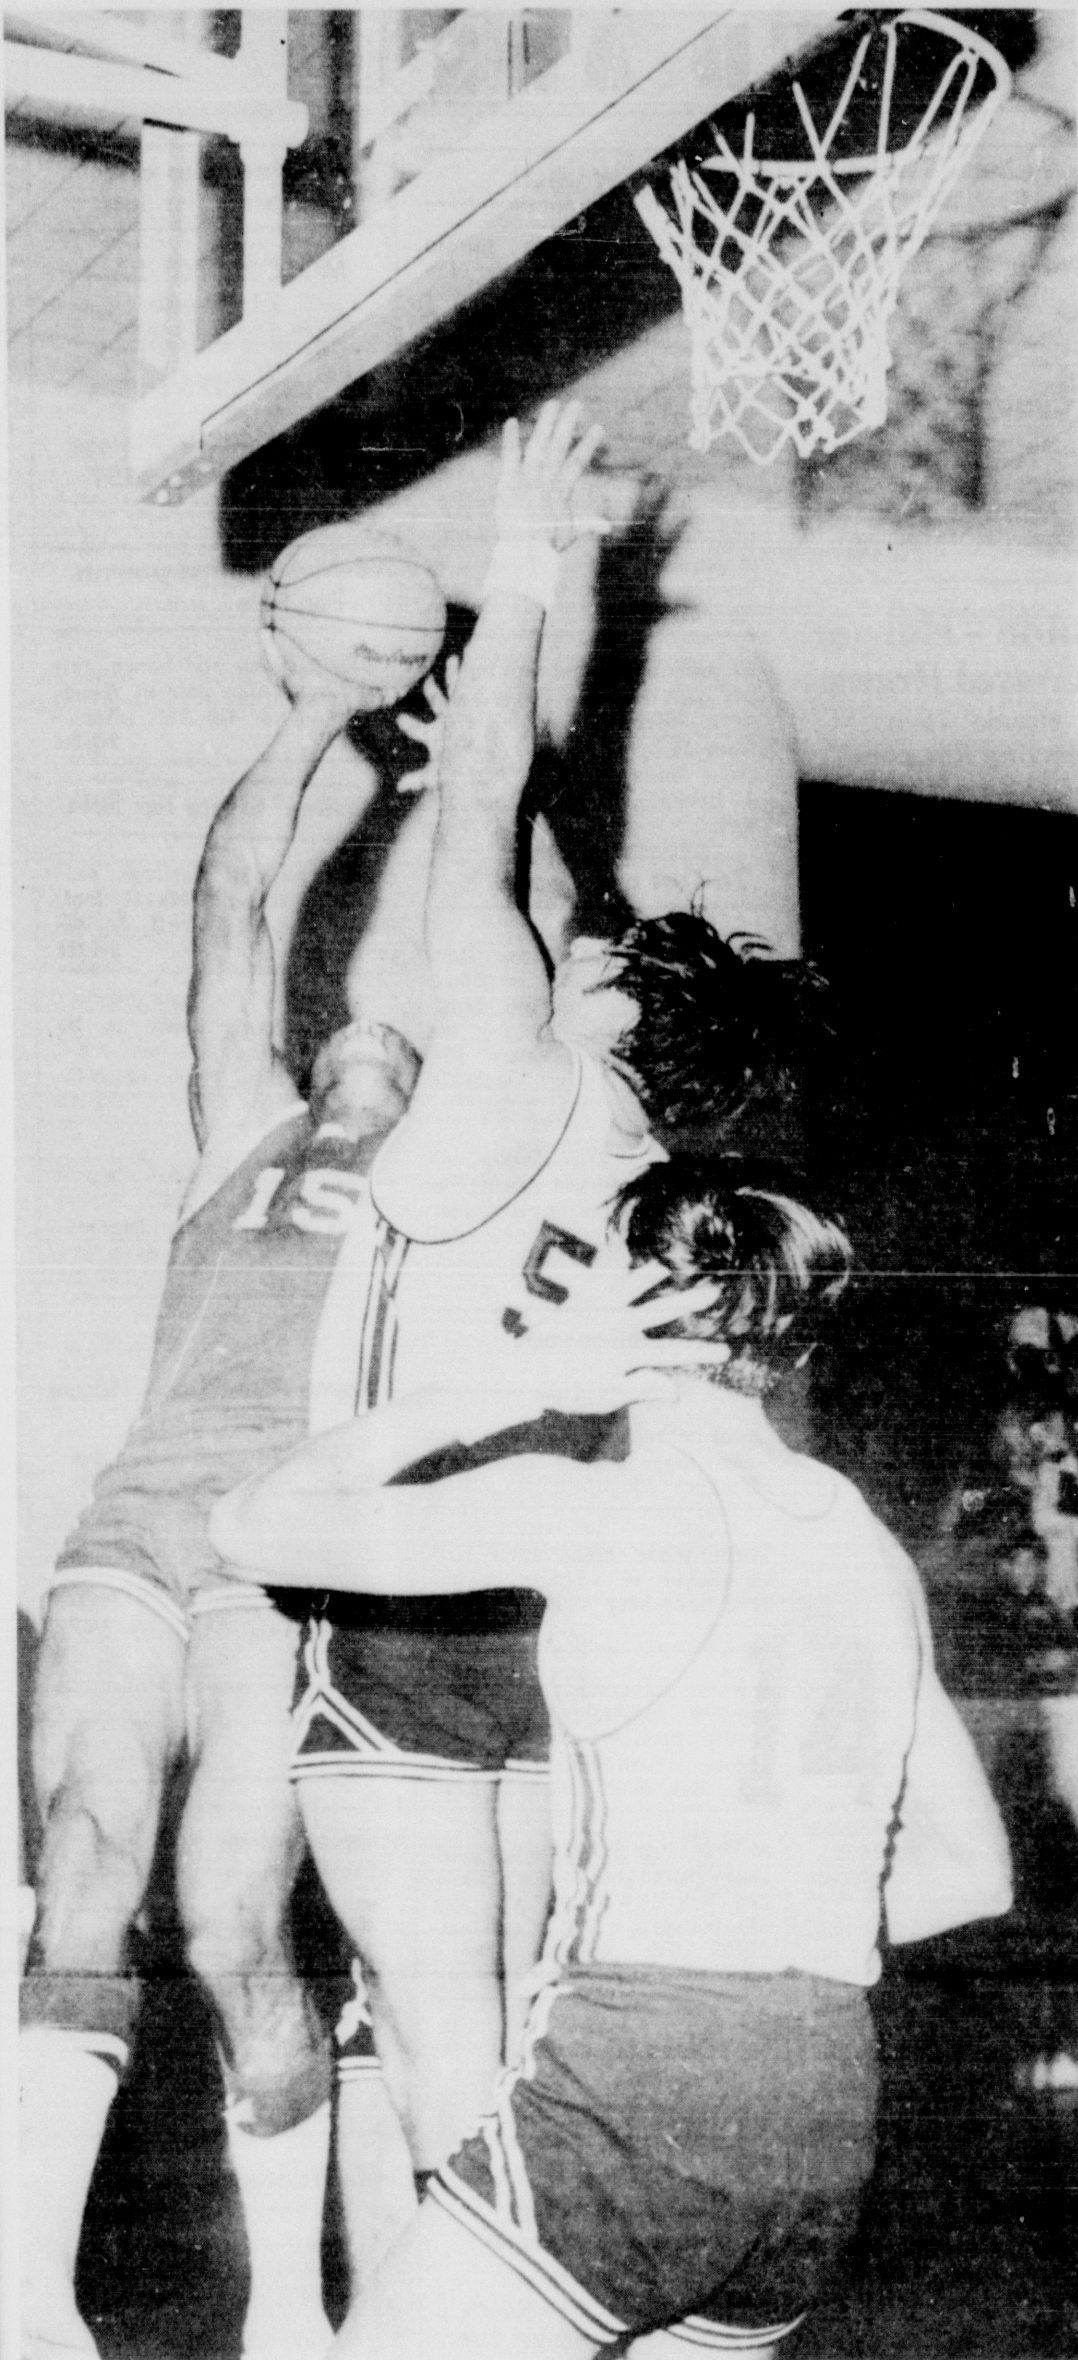

Edna Hales, president, and Thelka Wengenroth, secretary-treasurer, are tournament managers this year and reported that entries include: nine teams, 17 doubles, 34 singles and 30 all events.

... No. 54 tells James Batteau (15) as the Owl gets set to bounce one off the board and into the basket

### LaC oste player on team

MINNEAPOLIS, Minn. -- Six Texas Lutheran College

### Grant Teaff to speak at banquet

Local football players and others attending the annual Hondo Owl Football Team banquet February 12 will have the opportunity to hear one of the newest coaches in the Southwest Conference.

Grant Teaff, head coach at Baylor University, will be the principal speaker at the event which is scheduled for 7:30 p.m. Saturday, February 12, in the McDowell Cafeteria.

players have been named to the 1971 All-Lutheran College football squad.

Cornerback Carl Schoesow is a first team choice. Offensive tackle Floyd Medearis was named to the second team. Given honorable

mention were offensive ends Ricky Smith and Greg Biediger, fullback Dave Wehmeyer and defensive end Walter Ulbricht.

Biediger is the son of Mr. and Mrs. John Biediger of LaCoste.

### Evelyn Winkler heads Women's Golf Assoc.

The Hondo Women's Golf Association met Jan. 12 with President Claire Westbrook, presiding.

After the business meeting, the following officers were elected to take office Feb. 1: Evelyn Winkler, president; Ann Jones, vice-president; and Ardye Vin-

cent, secretary-treasurer. Every Tuesday is Ladies' Day with tee-off time at 9:30. On second Tuesdays the ladies are invited to join the Pro-Am.

Free instructions are available. Anyone interested in joining should contact Claire Westbrook.

## Owls outlast Warhorses 65-60 to remain tied with Pearsall

The Hondo Owls and Pearsall Mavericks remained tied for the District 28-AA basketball lead after Friday night's action.

The big game was played in the jammed Hondo gym where the Owls broke open a tie game in the fourth quarter and went on to a 65-60 win over the Warhorses.

Both teams entered the game with 7-1 district records. The Owls are now tied with Pearsall for the district crown with 8-1 records after the Mavericks demolished Poteet 91-83. The Owls and Mavericks clash next Friday night in Pearsall.

In other Friday games, Southwest won their first of the season with a 67-45 win over Cotulla and Medina Valley outscored Carrizo Springs 90-75 with Keller

scoring 29 points.

In the Hondo-Devine game, the teams were tied 31-31 at halftime and 50-50 after three quarters, but the Owls led all the way through the fourth quarter. Bill Dennis of Devine headed all scorers with 33 points but only three other Warhorses managed to score. Yates notched 13 points, Hernandez added 10 and Alvarado got 4.

The Owls featured a balance scoring attack with Keith Ligon and James Batteau each getting 16 points, while Lonnie Knowles added 15. Other Owl scorers were Hill with 9, Grant got 7 and Blackshear added 2.

The scheduled "B" Squad game between the two schools was cancelled.
